OPEN TO WORK

ANKIT CHATURVEDI

Digital, creative, website and AI capabilities

Freelance • Part-time • Full-time • Contract

PROFILE

One person. Several digital disciplines.

I work independently across website development, graphic design, branding, video production, social media and AI integration. I can join an existing team or take responsibility for agreed digital and technical work.

EXPERIENCE & DEVELOPMENT

How my work has developed

JAN 2020	**Freelance graphic design** I began with independent design projects, including branding, visual content and marketing materials.
ALONGSIDE	**Video editing & production** I expanded into reels, long-form video editing and motion-based content alongside my design work.
IN PARALLEL	**Website development & management** Alongside creative projects, I developed websites using WordPress and AI-assisted development tools, with hosting and ongoing support.
AS AI EVOLVED	**AI integration & automation** As AI technology progressed, I developed my ability to integrate useful tools, streamline routine tasks and improve business workflows.
